

Pastor's Office

Dear St. Bridget Parishioner,

Saint Bridget Parish gathers people to worship God and to do good in the community. We nurture the spiritual growth of our parishioners and every day reach out to those in need. We provide excellent Catholic education in Saint Bridget School and our School of Religion.

How beautiful our church is and we appreciate the sacrifice of those who made the church possible. Saint Bridget Parish as the Body of Christ is busy seven days a week praying and working to please God and to support one another.

Over the past weeks I have sent you a lot of information and have sent speakers to the pulpit to thank you for your financial support of the parish. The grace of God and your devotion to the parish create a vibrant, faith filled community that inspires me every day. I am so grateful to God and to you. Your financial sacrifice is one of the important things that makes all this possible.

The parish is not rich; we are financially weak. As I mentioned in earlier letters, too few contribute and there is an alarming number of unfulfilled pledges. What I ask of you is to place the parish on a more firm financial foundation. It is the total of individual acts of personal generosity that make a parish function.

Everyone in their own way owes God and owes the parish community a life that is generously ordered to God. We cannot dismiss our problems, anxieties and frustrations. Jesus transforms those crosses as we strive to help and serve Him in our parish.

Please pray about your pledge and make a promise to God based on all that God gives you. Take the faith risk of significantly increasing your pledge. Try it and you will find out that God will not be outdone in generosity. How blessed you will be!

Please read on to learn about the specifics of our Annual Stewardship Appeal. And please know how happy and grateful I am to be at your service.

Sincerely in Christ,
